Acting Director of Security

MAR 1960

Chief, Survey Branch

1960 Office of Security Report of Headquarters Courier System: Implementation of General Recommendation #4

1. The Subject is a recommendation that OCR/Liaison prepare correspondence to all Government agencies and departments with whom CIA couriers deliver and pickup classified mail. This would be a request to challenge and identify CIA couriers before delivering classified mail. It has been ascertained that CIA couriers do not have to identify themselves at many Government agencies; the simple statement of "I'm from CIA" usually suffices.

2. The attached correspondence has been prepared by OCR/Liaison and with the approval of the Office of Security will be signed and distributed by the AD/CR.

3. Your concurrence on this correspondence is requested.
